**Call for Applications
ACE – Triple Degree in Business
Edition 2023/2024**

This call is open to students enrolled in the first year of the Bachelor's Degree in Business Administration at Luiss in the academic year 2023/2024.

1. General Program Rules

Selected students will have the possibility to attend courses at Renmin University of China (a.y. 2025/2026) and George Washington University (a.y. 2026/2027) and have the credits recognized in their Luiss career at the end of the experience abroad.

If compliant with all universities' rules and conditions, as for credits envisaged, attendance, deadlines, academic integrity, etc., participating students will receive three degrees, which will be issued according to each university's procedures.

During the mobility, students will be subject to the rules of RUC (third year) and GW (fourth year) for all matters related to their academic life.

Selected students will spend abroad the third and fourth year of the Bachelor's Degree during the a. y. 2025/2026 and 2026/2027 and will be registered at Luiss during their stay at the partner universities. They will not be required to pay additional tuition fees at the partner university, but they will continue paying fees to Luiss during a total four years (from a.y. 2023/2024 to 2026/2027).

Upon applying to the program and eventually accepting the selection, students agree to:
- commit to a study program of a length of four years and to not graduating at Luiss before the a.y. 2026/2027 (therefore one academic year more than the standard length of the Bachelor's Degree in Business Administration).
- have their Luiss careers suspended due to mobility abroad during the third year.
- pay tuition fees to Luiss during the entire four-year period according to the rules of the university.

All expenses related to the participation in the program, notably transport to and from the host universities, accommodation and food, administrative expenses, costs associated with securing a visa,

LUISS

medical/health/accident insurance, books, application fees or deposits, and personal expenses, as well as the regional tax and the graduation fee every year, will be borne by students. Furthermore, students must comply with all the regulations of all universities in order to obtain the three Degrees.

Selected students are required to read and understand the study plan and its rules. These rules are to be considered binding to the successful completion of the triple degree program. Once selected, students are required to carefully read and sign the document "General Understanding on Mobility: Double Degrees and Structured Exchanges".

Students can request on-campus housing and/or board at GW and RUC on a space-available basis. If on-campus housing cannot be arranged for students, GW and RUC will not be obligated to assist with securing off-campus housing.

Regarding the health and insurance measures and obligations:
- GW requires students studying and living in its campuses to abide by the university's health, safety, and other campus rules including those listed here.
- The District of Columbia Immunization Law requires that all students under the age of 26 enrolled at the University provide proof of certain immunizations prior to registration.
- Students are required to purchase the GW Student Health Insurance Plan and will be responsible for all costs associated with that coverage.
- Students who wish to opt out of GW health insurance coverage must submit an online waiver and show proof of alternative medical insurance that meets GW's minimum standards. This opt-out must be completed by GW's designated deadline for the semester of study. Students are responsible for obtaining their own dental insurance, if desired.
- Students are required to purchase a comprehensive insurance policy valid in China. Students who do not purchase such a policy are not allowed to register to RUC.

During the mobility and prior to it, selected students must comply with all regulations in force in China and the USA in terms of health and safety, immigration, unexpected events or others.

While every effort will be made to provide students with complete, accurate and timely information, Luiss reserves the right to change, amend, modify, or revoke the aforementioned program. Luiss is not responsible for any cancellation or modification due to events beyond its control. If the program is cancelled or modified for these reasons, Luiss will inform all interested students in a timely manner.
