

LUISS

Rome, December 6<sup>th</sup> 2023

**To whom it may concern**

The application for the ACE Program intake 2023-2024 requires Luiss students to complete the registration to Renmin University's system.

Among the documents required by Renmin University, applicants have to upload the Foreigner Physical Examination Form (PEF), stating the details of the health condition of the applicant.

Luiss candidates can upload this letter instead of the PEF during the registration process.

This is to certify that the candidate uploading this letter is aware of the physical examination requirements and, if the candidate is admitted to the ACE program, he/she will send the PEF to Renmin University prior to moving to China following the instructions provided by Renmin University.

Best regards,
